SOLUTIONS**

8. COURIER DELIVERY

How We Work

Our Process From Order to Delivery

Consultation & Planning — We begin by understanding your shipment requirements, timelines, & special needs.

Route & Mode Selection — Based on cargo type, destination, budget, and time constraints.

Documentation & Compliance — We manage all customs paperwork, permits, & regulatory compliance.

Handling & Transport — From warehousing, loading, and in-transit monitoring to final delivery.

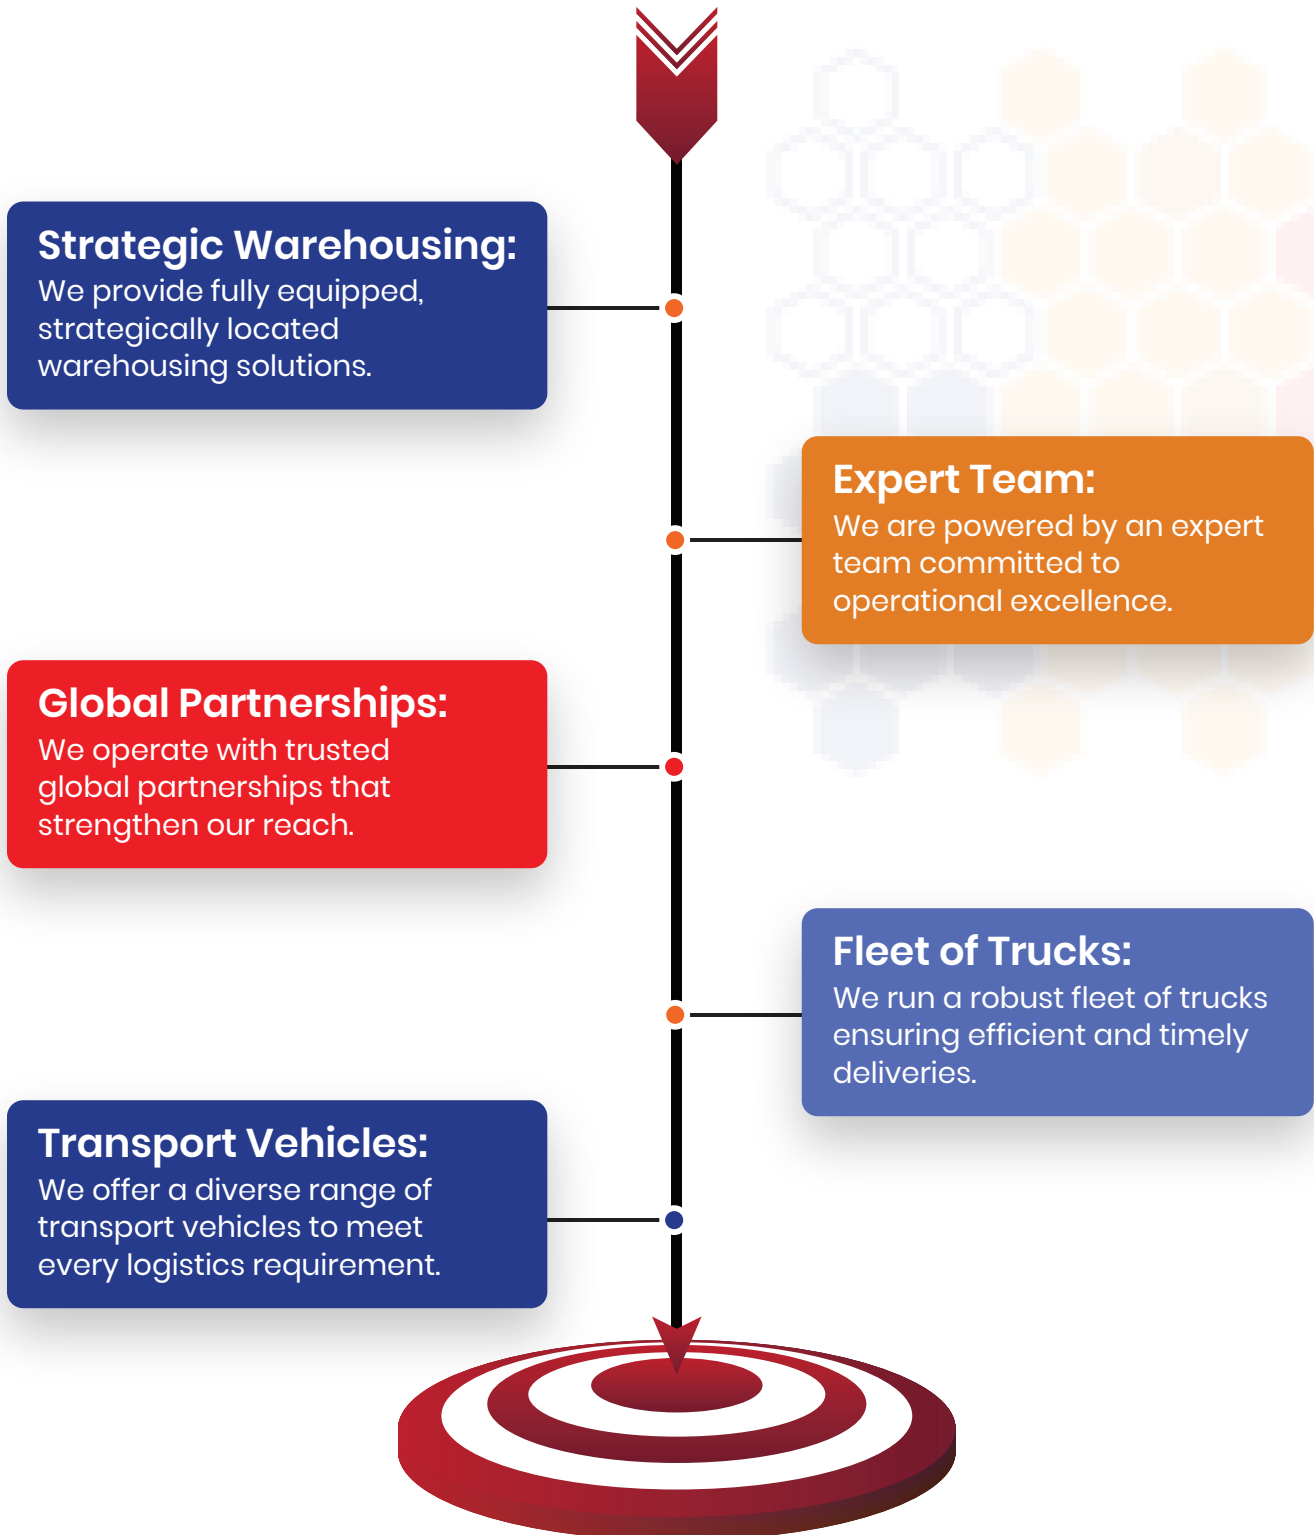

Tracking & Communication — Real-time updates and transparent communication throughout the journey.

Delivery & Feedback — Confirmation of delivery, post-shipment support, and feedback collection for continuous improvement.

Our Infrastructure & Capabilities

At clarusto logistics, our strength lies in a robust infrastructure and advanced capabilities that ensure speed, precision, and scalability across local, regional, and international operations.

Our Logistics Projects Showcase

Clarusto Logistics delivers comprehensive global freight and supply-chain solutions tailored to every customer's needs. From heavy-haul, oversized cargo, and time-critical shipments to multimodal transport by road, sea, and air, we provide seamless logistics backed by strong customs-clearance, warehousing, and distribution capabilities.

With end-to-end supply-chain management powered by data-driven insights and real-time visibility, we help clients cut costs, increase efficiency, and strengthen supply-chain resilience. Partnering with Clarusto means gaining a reliable logistics ally committed to precision, care, and consistent delivery whether it's a single pallet or a complex project spanning continents.

Sustainability & Corporate Responsibility

1.

Sustainable Procurement: We source responsibly to minimize environmental impact across our supply chain.

2.

Eco-Efficient Operations: We optimize energy, resources, and processes to reduce our operational footprint.

3.

Green Logistics Practices: We implement cleaner transport and smarter routing to lower carbon emissions.
