ABOUT US

Clarusto is a global procurement and supply-chain solutions provider supporting businesses across diverse markets. We specialize in sourcing reliable products, coordinating logistics, and enabling smooth end-to-end operations for our clients.

Through our international supplier network, we deliver dependable materials, competitive pricing, and consistent quality standards. Our team ensures every requirement is handled with precision from product identification to final delivery.

Driven by transparency and efficiency, we help companies strengthen their supply structures, reduce operational challenges, and expand confidently into new territories.

“We create dependable sourcing pathways that help businesses operate with clarity and confidence.”

- Strategic procurement solutions tailored to each industry need.
- Direct supplier coordination and quality-verified sourcing.
- Streamlined logistics to reduce delays and cost fluctuations
- Support for bulk orders, special materials, and long-term supply programs
- End-to-end visibility from purchase to delivery

OUR MISSION

To empower global businesses with reliable procurement and supply-chain solutions built on transparency, efficiency, and trusted international partnerships.

OUR GOALS

Strengthen global supplier networks for improved product availability

- Deliver consistent quality and on-time fulfillment for every client
- Enhance supply-chain resilience through smart planning & coordination
- Support long-term business growth with scalable sourcing solutions

DIRECTOR STATEMENTS

VALUE PROPOSITION

WHAT SETS US APART

Clarusto Trading delivers fast, reliable, and end-to-end global procurement solutions designed for today's dynamic business environment. With a strong international network, sector expertise, and operations across 50+ countries, we ensure consistent quality, efficient sourcing, and cost-effective trade operations for every client.

End-to-End Procurement Expertise

Full procurement cycle from sourcing to delivery, simplifying processes and saving time.

Global Reach

Reliable supply across Oil & Gas, Construction, Fire & Safety, IT, and Industrial sectors.

Dependable Operations

Transparent, compliant, and coordinated for consistent, on-time delivery.

Cost Efficiency

Strategic sourcing and global buying power reduce costs without compromising quality.

Proven Quality

Rigorous checks and audits ensure products meet international standards.

Clarusto Trading combines global reach, industry knowledge, and reliable execution delivering value worldwide.

TRADE DESIGNED AROUND YOU

Global trading shouldn't feel distant. At Clarusto Trade, we center every process around your requirements from identifying the right product source to ensuring smooth delivery and consistent quality.

Our innovative approach blends global reach with a personal touch, transforming traditional procurement into a tailored, high-value experience. Every partnership we build is engineered to support long-term growth, adaptability, and continuous improvement.

OUR SERVICES

International & General Trading

We facilitate smooth global trading operations by connecting businesses with verified suppliers, competitive pricing, and reliable cross-border logistics to ensure every transaction is efficient and secure.

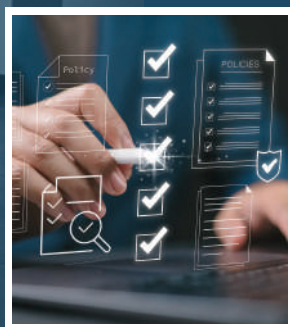

Product Sourcing

Clarusto Trade sources quality products from trusted international manufacturers, ensuring consistency, competitive value, and timely delivery tailored to your industry needs.

Supply Chain Management

Our team manages the full supply-chain cycle coordinating vendors, logistics, and delivery timelines to keep your products moving seamlessly and without delays.

Documentation & Compliance

We handle all trade-related paperwork, certifications, and regulatory requirements, ensuring every shipment meets international compliance standards and clears smoothly.

Procurement Services

From supplier evaluation to final purchase, we provide strategic procurement support that guarantees reliable materials, cost savings, and transparent processes from start to finish.

PRODUCT & SERVICES

Clarusto Trade transforms global sourcing into a smarter, faster, and more connected experience. We don't just move products we engineer pathways that make international trade effortless. Every service we deliver is built on insight, precision, and a deep understanding of how supply chains behave in real-world conditions.

From high-demand industrial materials to specialized equipment, we curate reliable product solutions backed by verified global suppliers. With technology-supported processes and a commitment to transparency, Clarusto gives businesses the confidence to scale without operational friction.

Reimagining Trade for a New Era

We bring together smart sourcing, strategic procurement, and adaptive supply-chain control forming a unified ecosystem where quality, compliance, and efficiency work in perfect sync.

- Intelligent supplier mapping & verification.
- Predictive supply-chain coordination.
- Tailored procurement strategies for every industry.
- Fully managed documentation & compliance support.
- Reliable delivery with transparent communication

THE BENEFITS

1. Certified Quality

All sourced products meet global standards ensuring reliability, safety, and long-term performance.

2. Cross-Industry Expertise

A multi-sector approach that allows us to deliver tailored solutions for complex technical requirements.

3. End-to-End Support

From sourcing to documentation, we manage every stage with transparency and precision.

Innovation isn't just our strategy — it's the way we trade, source, and deliver progress."

– Clarusto Trade

CAPABILITIES & RESOURCES

Clarusto Trading combines strong infrastructure, industry expertise, and a global partner network to deliver seamless procurement and trading solutions worldwide.

Infrastructure & Distribution Networks

We operate through reliable logistics partnerships, strategic warehouses, and regional hubs, enabling timely deliveries and efficient supply-chain management across bulk, multi-country, and just-in-time shipments.

Supply Chain & Procurement Expertise

Our skilled procurement team manages the full sourcing lifecycle—market analysis, supplier selection, order handling, and delivery—ensuring quality, cost efficiency, and on-time performance across sectors like Oil & Gas, Construction, IT, and Industrial Solutions.

Quality Control & Compliance Capabilities

Every product meets strict international standards through rigorous inspections, audits, and adherence to global trade regulations, ensuring safety, reliability, and risk-free transactions.

Management Team & Leadership

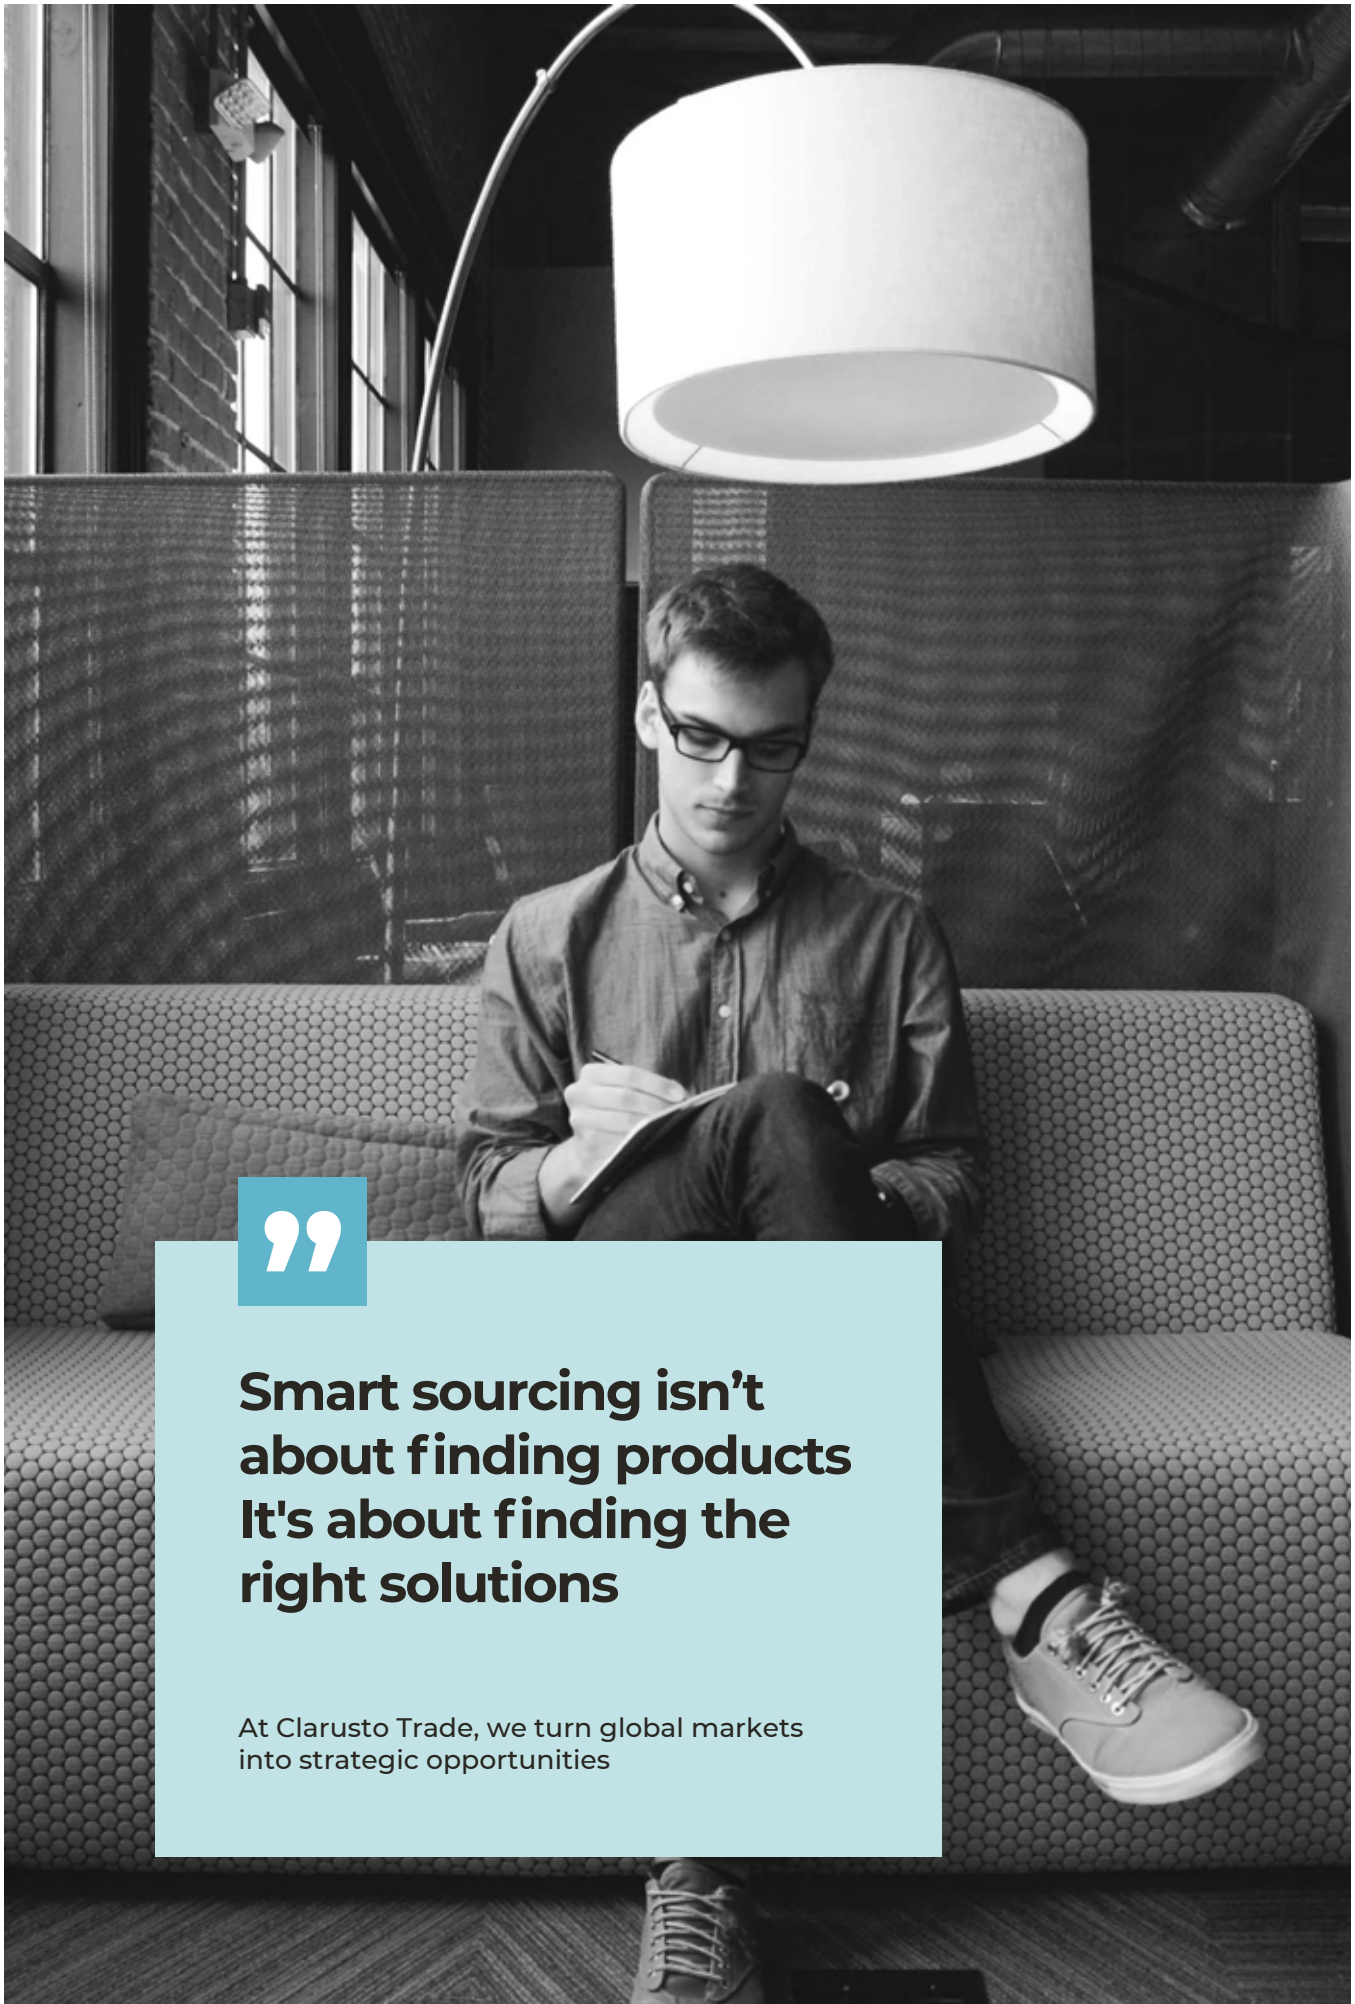

Our experienced leadership brings decades of expertise in procurement and global trade, driving operational excellence, strategic growth, and strong client relationships.

Certifications & Standards

We comply with globally recognized quality, safety, and trade certifications, reinforcing our commitment to professionalism, transparency, and industry-leading service.

Quality Policy

Eram Trading is wholly committed to our quality policy which is in place to ensure our products & services fully meet the requirements of our clients all the time. Our goal is to be the best procurement services provider to the industrial and commercial sector. To achieve this goal we are committed to implementing, maintaining and continually assessing operational systems and processes.

**Smart sourcing isn't
about finding products
It's about finding the
right solutions**

At Clarusto Trade, we turn global markets
into strategic opportunities

STRATEGIC VISION & FUTURE PLANS

Clarusto Trading aims to build a globally connected, tech-enabled trading ecosystem that adapts to modern industry needs. Our focus is on expanding capabilities, strengthening partnerships, and delivering transparent, efficient procurement solutions.

Global Expansion

We plan to enter new emerging markets and grow our presence across Asia, the Middle East, Europe, and Africa to enhance sourcing flexibility and supply-chain strength.

Portfolio Diversification

Clarusto will expand into high-demand sectors like renewable energy, advanced industrial tech, and smart infrastructure to offer future-ready solutions.

Digital Transformation

We are integrating AI and digital tools, including:

- AI supplier evaluation
- Client procurement dashboards
- Real-time shipment tracking
- Automated documentation

These upgrades improve accuracy, transparency, and efficiency.

Supply-Chain Resilience

We aim to build stronger, multi-supplier networks, alternative logistics routes, and enhanced risk-mitigation systems to ensure uninterrupted supply.

Sustainability & Ethics

Our roadmap includes greener logistics, ethical sourcing, and compliance with global sustainability standards at every stage.

Long-Term Partnerships

We focus on building lasting client relationships through customized solutions, cost savings, and reliable service.

Global Domestic.

Clarusto Trade provides consistent execution quality and stable connectivity across all major markets, ensuring clients benefit from reliable trade flow and real-time analytics.

Clarusto Trade focuses on delivering straightforward, technology-supported trading solutions. Our platform is designed for both new and experienced traders who seek dependable insights, transparent pricing, and steady market access.

GOVERNANCE & ETHICS

Quality Policy

Quality defines how we operate at every level. We ensure that each product, supplier, and process meets strict standards through continuous checks, documentation, and improvement. Our commitment to consistent, reliable quality is central to the value we deliver globally.

Governance

Our governance framework is built on transparency, accountability, and control. Every operation follows defined procedures and oversight mechanisms, ensuring disciplined execution and alignment with international best practices.

Compliance

Clarusto Trading adheres to all global trade regulations, industry requirements, and regional laws. Every supplier undergoes verification and due diligence, and each shipment is processed with complete regulatory accuracy to minimize risk and ensure smooth operations.

Ethical Standards

Integrity guides every business relationship we build. We support fair sourcing, honest communication, and responsible partnerships. With zero tolerance for unethical behaviour, we uphold ethics as a non-negotiable foundation of our global trading practices.
